

Hello everyone,

It is about time I sent an email update! I appreciate everyone that is praying for this trip to Kenya, Africa. The prayers of God's people are what makes this trip possible and keeps the team safe. Thank you so much.

Richard is in Kenya with Pam Nelson and Kathy Henry. Pam and Kathy have a ladies ministry called KP Duty. Pam does the speaking and Kathy does the music and everyone is loving these ladies. They went to Uganda and Tanzania and are now back in Kenya. The ladies will be heading home on March 18 and Richard will be staying another month. Here is a little

plug for KP Duty: If you would like them to come and share at your church, there is some information on our web site: pumpministries.org

I was able to Skype with Richard this morning and he said everything is going good. He was asked to do a funeral for a pastor's son this morning. Richard said he was 18. Please pray for this family.

The team was able to spend some time at the orphanage. I have added some pictures. The third one is of the children singing. It is a video but I am not sure if I can send it as that. You might just get the picture. The backpacks that the children are holding were donated by the Venus Evangelical Church in PA. They had school supplies in them. The children were so excited! The new buildings for the new orphanage are coming along well. I think things are pretty much done except some separate dorms for sleeping. We are so blessed to see God moving on behalf of the children.

Thank you all again for how you help this ministry and for your service to our Lord, Jesus Christ. Great things are happening around the world because of you!

God bless you today and always.
In Christ,
Tammy Weagraff
